The Kanawha County Prevention Partnership is funded in part by a SPF SIG Grant from the WV Governor's Office and the WV Partnership to Promote Community Well-Being. The grant is made possible by the State of West Virginia's receipt of a federal Strategic Prevention Framework State Incentive Grant (SPF SIG) from the U.S. Center for Substance Abuse Prevention

Communities That Care (CTC) is a dynamic county-wide effort to create a safe and healthy environment for all of our citizens. Our mission is to increase awareness of the substance abuse related problems and issues facing the citizens of Kanawha County.

www.kanawhacountyctc.org

A few reasons why we exist:

Drug Use Among Our Youth:

Kanawha County's rate for youth drug related arrest per thousand is 246% higher than the state average.

Availability of Drugs To Our Youth:

Over 55% of Kanawha County youth report Marijuana as being fairly easy or very easy to get.

Binge Drinking Among Adults:

Kanawha County adults report that they binge nearly 10% more than the average West Virginian.

Alcohol Usage Among Youth:

Over 50% of 7th grade students in Kanawha County report they have drank beer within the last year. That number increases to over 57% for 10th grade students.

Unacceptable Mortality Rates:

Kanawha County's mortality rate that can be attributed to substance abuse is 73% higher than the state's average.

We make a difference by:

- Maintaining an active coalition of over 40 partners that meet regularly to lead area wide initiatives to achieve our mission.
- Educating the public on substance abuse issues, treatment and prevention by utilizing proven program models and working closely with existing agencies.
- Collectively working on, submitting, and receiving grant funding that goes directly into the front-line efforts of reducing substance abuse problems that have been diminishing our quality of life in Kanawha County.

YES! I want to learn more!

Check all that apply:

- Receive e-mail updates
- Join the coalition
- Support the coalition or workgroup
- Be advised of new laws or pending legislation
- Need information on:
 - Alcohol use
 - Tobacco use
 - Illegal drugs
 - Prescription drugs
 - Wellness or Model Programs
